Service Description
Voyage offers a free confidential counseling service for people whose lives are affected by alcohol and other drug use.Voyage also provides specialist alcohol and other drug services in dual diagnosis and acquired brain Injury (ABI). A Koori Community Worker is also available.Voyage is able to provide community based treatment services to people over the age of 16 years whose lives are affected by alcohol and other drugs directly and their parents, partners and other family members. Voyage can also help the people close to you such as partners and family members. Counselling and support is given to people individually or as a family. Voyage can refer you to other support services if you need them.
